Here is a
Map
showing
the
location of
the
pharmacy.

**Free parking
is available
to the front
and rear of
the
pharmacy.**

**You are welcome to bring your
Assistance Dog with you when
visiting the pharmacy**

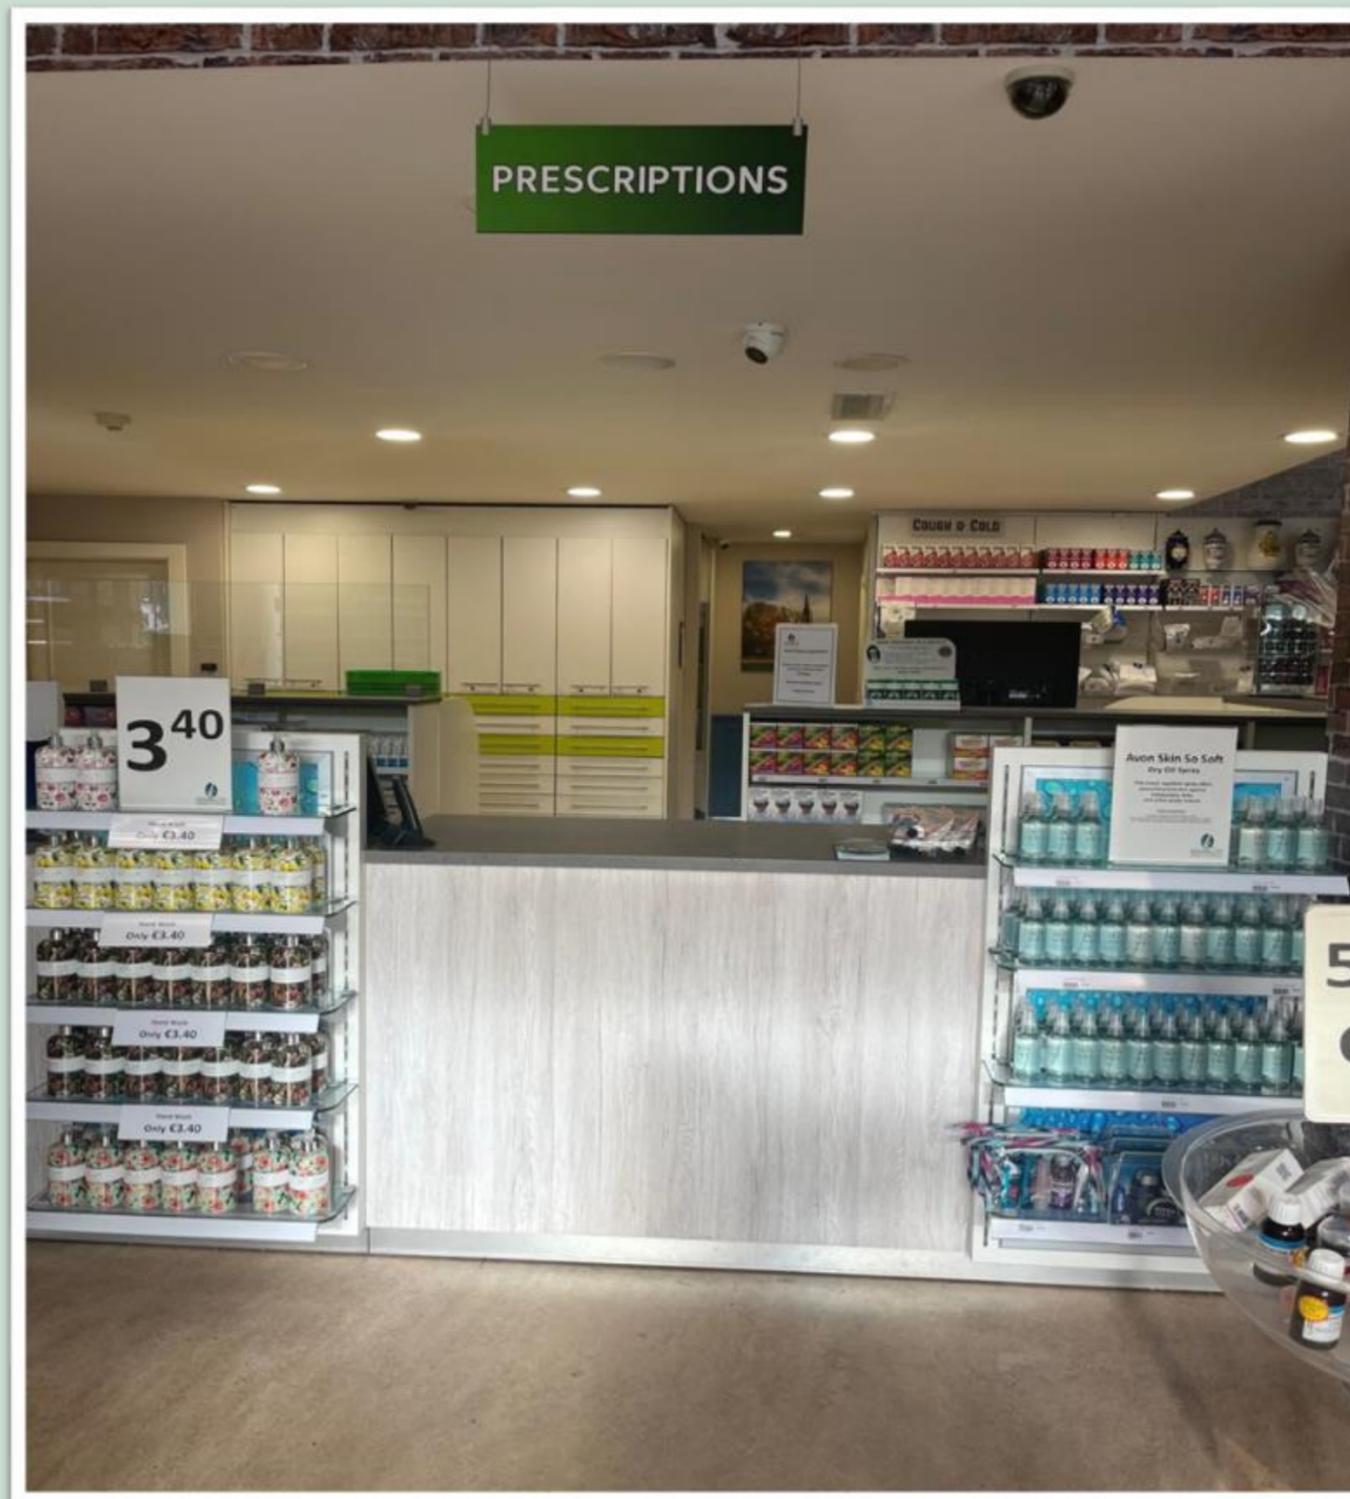

**The front
entrance to the
pharmacy will
look like this.**

**You may also enter
through the back
door which will
look like this.**

**This is where
you will be
greeted by a
member of
staff.**

If you have a prescription or need medicine, the staff at the counter will be happy to help you. They may need to ask you some questions so they can prepare your medication.

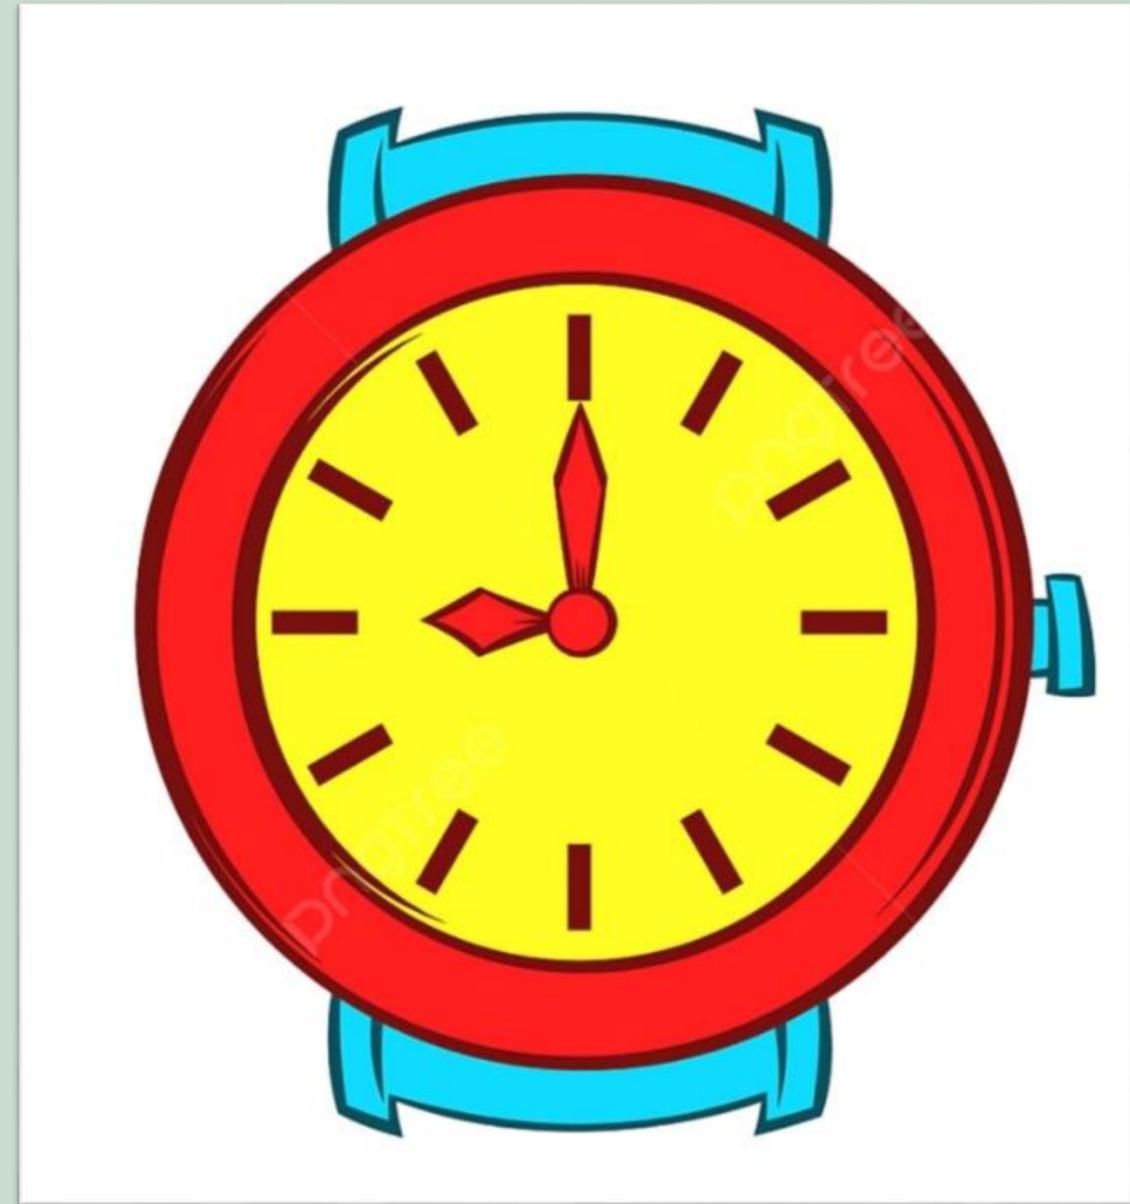

Some questions might include:

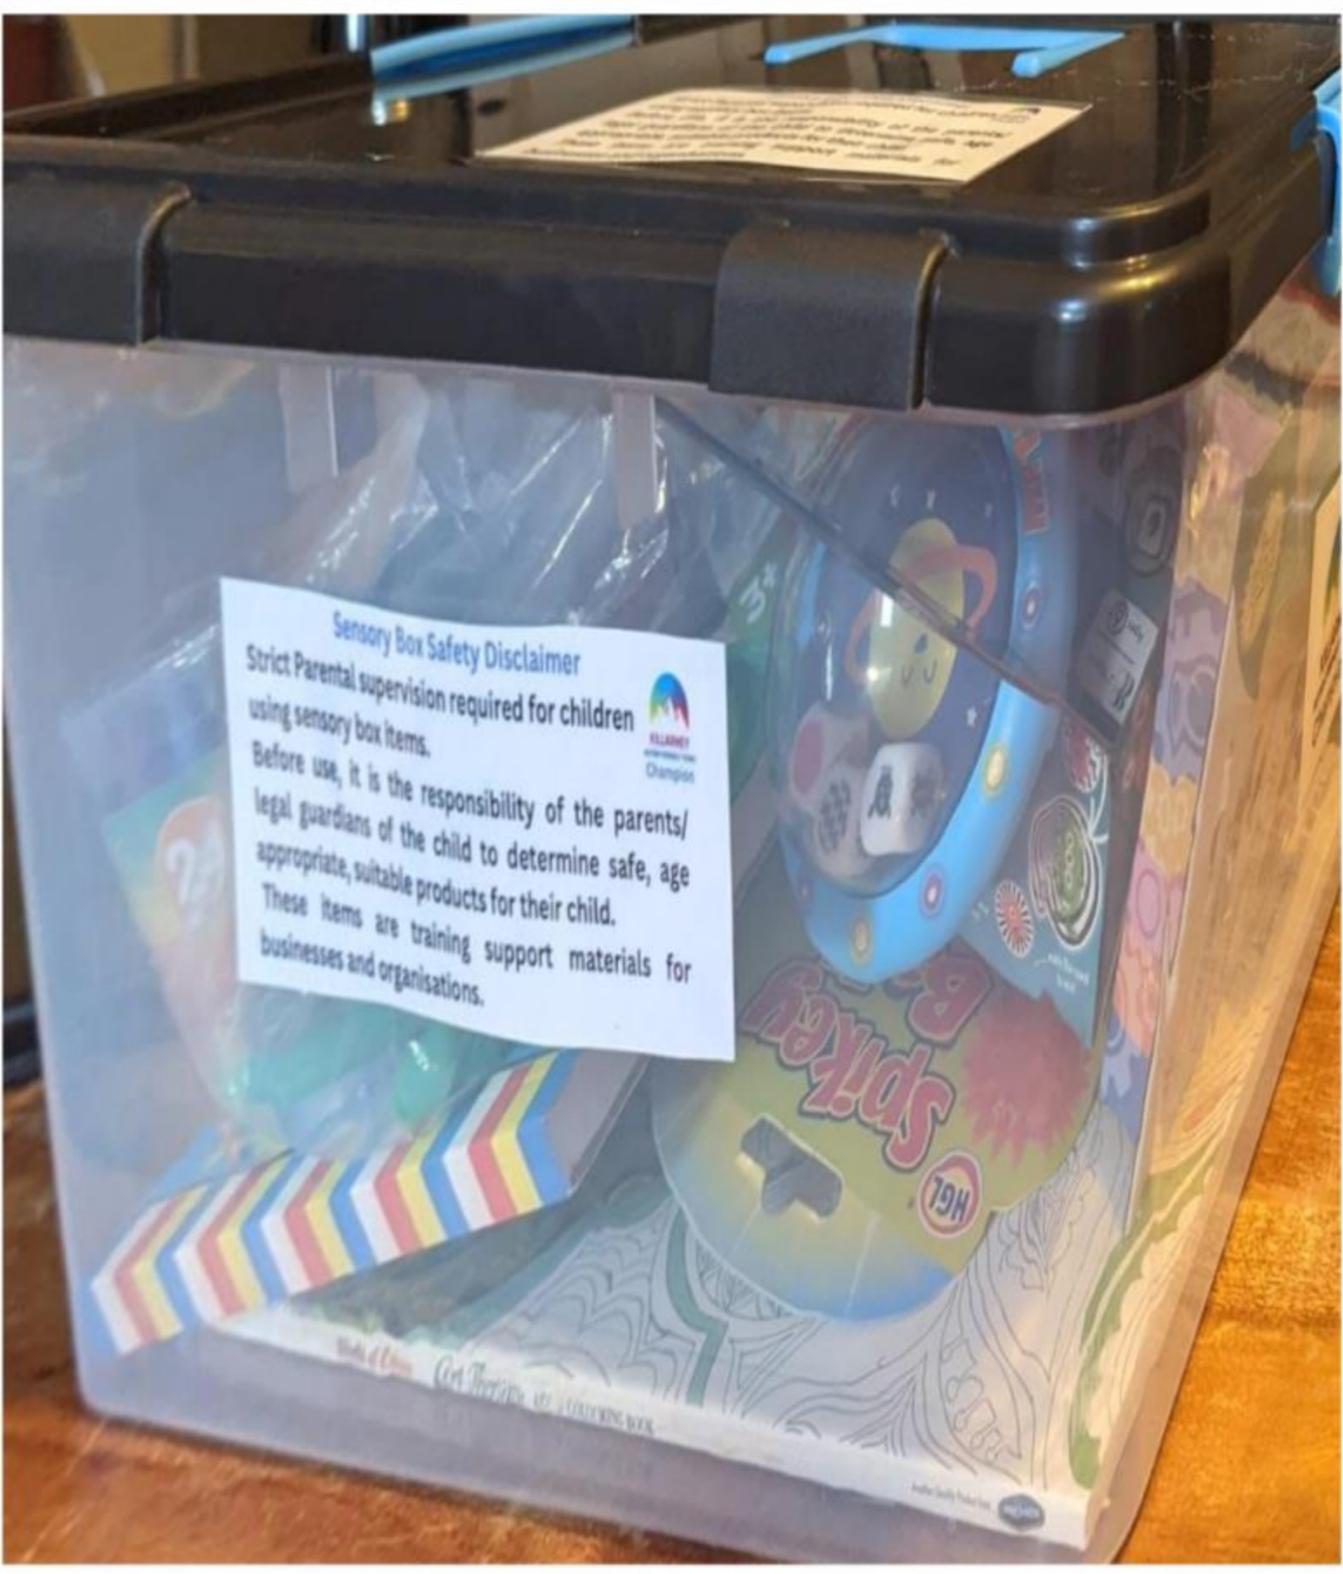

- **Have you any allergies?**
- **Are you currently taking any other medications?**
- **Have you ever taken this medication before?**

Often your prescription will be sent directly to the pharmacy by your doctor. You can contact the pharmacy and ask them when your medication will be ready for collection.

**Sometimes you
may have to
wait while the
pharmacist gets
your medicine
ready.**

There is a sensory box available if you would like to use any items while you wait.

If you need to speak to the pharmacist about something privately, a consultation room is available.

The room will look like this. It is ok to have somebody present with you for this consultation.

Since 1917
