AUTISM FRIENDLY TOWN
Champion

The front of the shop has shoes and accessories for women.

The back of the shop has shoes for younger people.

Sometimes the shop can be busy and you might have to wait. While you wait you can look at the fish tank or ask the shopkeeper for a toy.

Before you try on shoes, you might have to have your feet measured. You take your shoes off and put your foot onto this. The shopkeeper will measure both your feet.

The shopkeeper will go upstairs to get the correct size. Only the shopkeeper can go upstairs.

**When the shopkeeper comes back,
you can try on the shoes. You can sit
on a chair to try them on.**

**When you put
on the shoes,
you should
take a few
steps to make
sure they fit.**

**It is ok to take
some time to
make sure you've
picked the
correct shoes.
They should feel
comfortable.**

When you have chosen the correct shoes, you can buy them. The shopkeeper will put them into a bag or you can wear them.
